

## TECHNICAL DATA

### MODEL WFK, (M-WFE) - SYSTEM 2022 - FREE-HANGING HONEYCOMB AND PLEATED BLIND WITH CHAIN OPERATION

Model WFK

#### Product Description

Custom-made, free-hanging pleated blind for vertical windows with a fixed top rail and an infinitely height-adjustable aluminium lower rail. The upper rail is fastened using mounting clips. Optionally, a pendulum safety device can be fastened at the bottom via a two-piece tension shoe. The gearbox with chain hoist can be positioned either on the right or left. Optionally, child-safe operation is possible thanks to a child-safe transmission. The profiles are available in white, anodised aluminium, anthracite and black.
