

XL B10

Wabenplissee Bottom Up mit Motor

- Design: freely suspended system with motor operation and variable curtain
- Fixed top rail, adjustable bottom profile
- Suitability: for vertical rectangular windows
- Installation: screwed into the recess, on the architrave, on the wall
- Operation: by motor (CM-08-B or CM-08-Eve)
- Operating: with an automated pull-cord, side freely selectable and Bluetooth via app and smart home connectivity depending on motor.
- Optional accessories: remote control (various models) and USB-C charging cable
- Profile colour: white, silver, anthracite or black

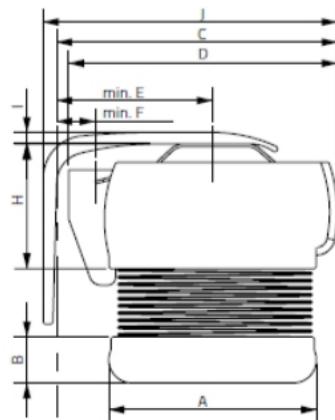

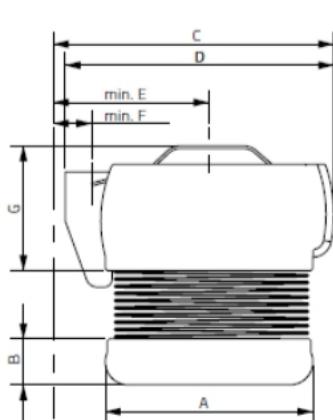

This pleated blind is mounted only on the headrail and hangs freely downwards. It is operated by a motor (CM-08-B or CM-08-Eve). You can specify the operating side on the right or left. A remote control for the convenient motor and a USB-C charging cable for power supply are included with your order, along with a large selection of 25mm or 38mm fabrics, various profile colours (white, silver, anthracite, black). The screw-mounted pleated blind can be attached to the recess, to the architrave, or to the wall. Please also refer to the corresponding MOTIONBLIND PDF and measuring instructions.
