

## XL B20

Honeycomb pleated blind top down bottom up with motor

- Design: freely suspended system with cord operation and variable curtain
- Adjustable upper and lower profile
- Suitability: for vertical rectangular windows
- Installation: screwed into the architrave, in the recess, on the wall
- Operation: by motor (CM-08-B or CM-08-Eve)
- Operating: with automated pull cords and Bluetooth via app, and smart home connectivity, depending on motor)
- Optional accessories: remote control (various models) and USB-C charging cable
- Profile colour: white, silver, anthracite or black

This pleated blind with **two operable rails** (unlike in the illustration below) hangs freely downwards. It is operated by a motor (CM-08-B or CM-08-Eve). A remote control for convenient motor control and a USB-C charging cable for power supply are included with your order. In addition to a large selection of fabrics, various profile colours (white, silver, anthracite, black). The screw-mounted pleated blind can be mounted in the recess, on the architrave, or on the wall. Please also refer to the corresponding MOTIONBLIND PDF and measuring instructions.
