

TECHNICAL DATA

MODEL WF1 - SYSTEM 2022 - FREE-HANGING HONEYCOMB AND PLEATED BLIND WITH DRAWSTRING

Modell F1

Product Description

Custom-made, free-hanging pleated blind for vertical windows with a fixed top rail and an infinitely height-adjustable aluminium lower rail. The upper rail is attached via clips. Optionally, a pendulum safety device can be fastened at the bottom via a two-piece tension shoe. The gearbox with the cord can be positioned on either the right or the left. The system's height is locked with a cord lock. The profiles are available in white, anodised aluminium, anthracite and black.
