

TECHNICAL DATA

MODEL SE - TENSIONED, TRACK-GUIDED PLEATED SHADE SYSTEM 2022

Model SE

Product Description

Custom-made, tensioned pleated shade for vertical windows, featuring freely adjustable top and bottom aluminum rails guided along adhesive tracks. Operation is via an integrated finger pull in the operating rails. The stack can be positioned at the top or bottom as needed. A one-piece tension shoe tensions both the top and bottom rails. A magnetic latch to lock the top rail to the tension shoes is included. Optionally, the bottom rail can also be secured to the tension shoes with a magnetic latch. Profiles are available in White, anodized Aluminum, Black and Anthracite.
