

TECHNICAL DATA

MODEL VS1 - TENSIONED PLEATED SHADE SYSTEM 2022

Product Description

Custom made tension shade for vertical windows, featuring a fixed top rail and a freely movable bottom rail (Model VS1), made of aluminum. On Model VS1, the top rail is secured with clips and the bottom with a two-piece tension shoe. Optionally, the bottom rail can be locked into the tension shoe using magnetic latching. Profiles are available in White, anodized aluminum, Anthracite, and Black. Optional no-screw installation is available.
